Any vacancy of a director (whether at the expiration of a term or for the remainder of an unexpired term) selected pursuant to subsection (a)(ii) shall be filled by a majority vote of the governing body of the city upon recommendation of the mayor or if selected pursuant to subsections (a)(iii) and (a)(iv) shall be filled by a majority vote of the governing body of the city from a recommendation of one or more names which shall be submitted to the governing body of the city by the remaining directors. SECTION 6. Condemnation and eminent domain. The authority is hereby authorized and empowered to condemn in its own name any land, rights in land, easements, and/or rights-of-way which in the judgment of the board, are necessary for carrying out the purposes for which the authority is created and such property or interest in such property may be so acquired whether or not the same is owned or held for public use by persons having the power of eminent domain, or otherwise held or used for public purposes; provided, however, such prior public use will not be interfered with by the use to which such property will be put by the authority; and further, provided that the exercise of eminent domain power must be approved by a majority of those present and voting of the governing body of the participating governmental entity, municipality, metropolitan government or county within whose jurisdiction said power is exercised. Notes shall be secured by the proceeds from the sale of the bonds in anticipation of which the notes are issued and additionally secured by a lien upon the revenues of the system on a parity with the bonds in anticipation of which such notes are issued. In no event shall the amount of outstanding bond anticipation notes exceed the principal amount of the bonds to be issued by the authority. The notes shall mature not later than two (2) years from their date of issuance and may be extended or renewed for not more than two (2) additional periods of two (2) years each by resolution of the board and the issuance of renewal or extension notes.

Included within the term "bond anticipation notes" shall be interim certificates or other temporary obligations which may be issued by the authority to the purchaser of such notes upon the terms and conditions herein provided. Whenever it shall issue bond anticipation notes or interim certificates pursuant to the provisions of this section, neither the principal nor the interest on such notes or certificates shall be taxed by the state or by any municipality in this state. When the bonds shall be issued and sold a sufficient amount of the proceeds of the bonds shall be applied to the payment of the notes at their maturity or upon their earlier redemption as directed by the board by resolution.

(e) The authority herein granted to issue "bond anticipation notes" shall also authorize the issuance of "grant anticipation notes," to be secured by the grant in anticipation of which such notes are issued, with all provisions of this section being applicable to such grant anticipation notes.

SECTION 9. Bonds of the authority.

(a) The authority shall have the power to issue bonds from time to time to finance the construction, purchase, acquisition, extension, improvements and equipping of one or more systems to fund a reasonable reserve for the payment of principal of and interest on the bond and/or a renewal or replacement reserve and to pay capitalized interest on the bonds as set forth herein. All bonds issued shall be payable solely out of the revenues and receipts derived from the system for which such bonds are issued or as may be designated in the proceedings under which the bonds shall be authorized to be issued. Such bonds shall be authorized by resolution of the board and may be issued in one (1) or more series, may be executed and delivered at any time and from time to time, may be in such form and denomination and of such terms and maturities, may be subject to redemption prior to maturity either with or without premium, may be in fully registered form, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof; may be payable at such place or places whether within or without the State of Tennessee, may bear interest at such rate or rates payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings whereunder the bonds shall be authorized to be issued.

(b) Bonds may be sold at public or private sale for such price and in such manner and from time to time as may be determined by the board of directors to be most advantageous, and the authority may pay any and all expenses, premiums, and commissions which its board of directors may deem necessary or advantageous in connection with the issuance thereof.

(c) All bonds and the interest applicable thereto are hereby made and shall be construed to be negotiable instruments.

(d) Interim certificates or notes or other temporary obligations pending the issuance of revenue bonds shall be payable out of proceeds of bonds or other funds of the authority available for such purpose.

(e) Proceeds of bonds may be used for the purpose of constructing, acquiring, reconstructing, improving, equipping, furnishing, bettering, or extending a system, include the payment of interest on the bonds during construction of any project for which bonds are issued and for two (2) years after the estimated date of completion, the payment of engineering, fiscal, architectural, bond insurance, and legal expenses incurred in connection therewith and the issuance of bonds, the establishment of a reasonable reserve fund for the payment of principal of and interest on such bonds in the event of a deficiency in the revenues and receipts available for such payment, and to fund a renewal or replacement reserve for the system.

SECTION 10. Refunding bonds of the authority. Any bonds at any time outstanding may at any time and from time to time be funded by the issuance of refunding bonds in such amount as the board may deem necessary, but not exceeding the sum of the following:

- (a) the principal amount of the bonds being refinanced,
- (b) applicable redemption premiums thereon,
- (c) unpaid interest on such bonds to the date of delivery or exchange of the refunding bonds,
- (d) in the event the proceeds from the sale of the refunding bonds are to be deposited in trust as hereinafter provided, interest to accrue on such obligations from the date of delivery to the first or any subsequent available redemption date or dates elected, in its discretion, by the board, or to the date or dates of maturity, whichever shall be determined by the board to be the most advantageous or necessary to the authority,
- (e) a reasonable reserve for the payment of principal of and interest on such bonds and/or a renewal and replacement reserve,

(f) if the project to be constructed from the proceeds of the obligations being refinanced has not been completed, an amount sufficient to meet the interest charges on the refunding bonds during the construction of such project and for two (2) years after the estimated date of completion (but only to the extent that interest charges have not been capitalized from the proceeds of the obligations being refinanced), and

(g) expenses, premiums, and commissions of the authority, including bond discount deemed by the board to be necessary for the issuance of the refunding bonds. A determination by the board that any refinancing is advantageous or necessary to the authority or that any of the amounts provided in the preceding sentence shall be included in such refinancing, or that any of the obligations to be refinanced shall be called for redemption on the first or any subsequent available redemption date or permitted to remain outstanding until their respective dates of maturity, shall be conclusive.

Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded, or by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds refunded thereby, and regardless of whether or not the bonds to be refunded were issued in connection with the same projects or separate projects, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

If, at the time of delivery of the refunding bonds, the bonds to be refunded will not be retired or a valid and timely notice of redemption of the outstanding bonds is not given in accordance with the resolution, indenture or other instrument governing the redemption of the outstanding bonds, then, prior to the issuance of the refunding bonds, the governing body shall cause to be given a notice of its intention to issue the refunding bonds. The notice shall be given

either by mail to the owners of all the outstanding bonds to be refunded at their addresses shown on the bond registration records for the outstanding bonds or given by publication one (1) time each in a newspaper having a general circulation in the local government and in a financial newspaper published in New York City, New York, having a national circulation. The notice shall set forth the estimated date of delivery of the bonds, refunding bonds and identify the bonds, or the individual maturities thereof; proposed to be refunded; provided, that if portions of individual maturities are proposed to be refunded the notice shall identify the maturities subject to partial refunding and the aggregate principal amount to be refunded within each maturity. If the issuance of the refunding bonds does not occur as provided in the notice, the governing body shall cause notice thereof to be given as provided above. Except as otherwise set forth in this section, the notice required pursuant to this section shall be given whether or not any of the bonds to be refunded are to be called for redemption.

If any of the obligations to be refunded are to be called for redemption, notice of redemption shall be given in a manner required by the proceedings authorizing such outstanding obligations.

The principal proceeds from the sale of any refunding bonds shall be applied only as follows: either,

- (a) To the immediate payment and retirement of the bonds being refunded; or
- (b) To the extent not required for immediate payment of the bonds being refunded, such proceeds shall be deposited in trust to provide for the payment and retirement of the bonds being refunded and to pay any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any surplus, including, without limitation, provisions for the pledging of any such surplus to the payment of the principal of; premium, if any, and interest on any issue or series of refunding bonds. Money in any such trust fund may be invested in:

(1) Direct bonds of or bonds, the principal of and interest on which are guaranteed by the United States.

(2) Bonds of any agency or instrumentality of the United States;

(3) Certificates of deposit issued by a bank or trust company located in the state; provided, that such certificates shall be secured by a pledge of any of the obligations referred to in subdivisions (1) and (2) having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates of deposit so secured; or

(4) Bonds which are rated in either of the top two (2) highest rated categories by a nationally recognized rating agency of such obligations and whose interest income is exempt from tax by the United States, which are direct general obligations of the state or a political subdivision thereof or obligations guaranteed by the state, to the payment of the principal of and interest on which the full faith and credit of the state is pledged or funds of any other state or political subdivision or instrumentality thereof.

Nothing herein shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded, but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption.

SECTION 11. Security for payment of bonds and notes.

(a) The principal of premium, if any, and interest on any bonds, refunding bonds and notes may be secured by a pledge of revenues and receipts of a system. The proceedings under which the bonds, refunding bonds or notes are authorized to be issued may contain any agreements, provisions and covenants respecting the maintenance of such system or other facilities covered thereby, the fixing and collection of rents, fees or payments with respect to any system or portions thereof covered by

such proceedings, the creation and maintenance of special funds from such revenues and from the proceeds of such bonds, refunding bonds and notes and the rights and remedies available in the event of default, all as the board shall deem advisable and not in conflict with the provisions of this act. To the extent provided in the proceedings authorizing any bonds, refunding bonds or notes, each pledge and agreement made for the benefit of security of any of the bonds, refunding bonds or notes shall continue in effect until the principal of and interest on the bonds, refunding bonds or notes for the benefit of which the same were made shall have been fully paid or adequate provision for the payment thereof shall have been made by the authority. In the event of a default in such payment or in any agreements of the authority made as a part of the proceedings under which the bonds, refunding bonds or notes were issued, such payment or agreement may be enforced by suit, mandamus, or the appointment of a receiver in equity, or the proceedings under which the bonds, refunding bonds or notes are issued.

(b) The mayor and city recorder are hereby authorized and directed to the extent which is now or hereafter legally possible, to execute all documents necessary to guarantee or in any other manner to secure the payment of the bonds or notes of the authority; provided; however, that the approval of the governing body of the city to such guarantee or security, which approval may be by resolution of the governing body, shall have been obtained before the execution of such documents. Provided, further, that prior to any meeting where such authorization will be considered by the governing body of the city, the governing body shall cause reasonable public notice to be published describing the matter to be considered and containing an estimate of the dollar amount of any contingent liability by the city if such authorization is given.

(c) Bonds, notes or refunding bonds may constitute a joint obligation of the authority and the city. Any such bond, note or refunding bond upon which the city is

jointly obligated with the authority may be secured by the full faith and credit and unlimited ad valorem taxing power of the city.
